2ND TERM MEDICAL CHECK-UP 2024 REPORT FOR BONGWE (PP1 & 2)

- Number of children checked and weighed - 52
- Number of children treated for minor ailments - 38
- Number of children de-wormed - 52

All children who attended school today were weighed, and dewormed. Some of the children did not attend school since they went for the holiday.

Conditions of teachers - good

Conditions of children - good

Weather not good because of the rains and generally the weather condition is poor.

Thank you for your support and I also want to thank the doctor in school madam Kuloba plus Masoud who really helped us conduct the exercise in good atmosphere. We can't forget the new Head teacher for her support also.
